[11th Logistics Conference](#)

11th Logistics Conference:

"How to integrate the Logistics in Europe for the competitiveness of the Chemical Industry".

Milano, 24th June 2014
Hotel Enterprise
Corso Sempione, 91 - Milano

The Organizers of the Conference

Federchimica, the National Federation of Chemical Industry, represents more than 1400 with more than 90,000 employees; so it is committed to ensure, through the International Program “Responsible Care” and “S.E.T. - Emergency Transport Service”, connected to the network “ICE - International Chemical Environment” of CEFIC - European Chemical Industry Council” - sustainable development and safe logistics of chemicals.

ANITA is the national association of road transport and logistics companies since 1944, and represents large companies in the sector, both in Italy and in Europe. Member of Federtrasporto, which includes associations of operators and infrastructure managers in the transport and logistics sector of Confindustria.

11th Logistics Conference

It's the annual event where Managers of chemical companies confront with Logistics Operators and Public Authorities in the field of logistics.

This year, the Conference is divided into three sessions dedicated to the macro-areas of interest for the logistics (railways, road transport and intermodality), in the context of the rationalization of infrastructures along the trans-European corridors.

The Agenda of the Conference:

Ore 09.30 Registration and Welcome Coffee.

Ore 10:00 Francesco Carciotto, President of Logistics Committee - Federchimica:
"Opening of the 11th Conference".

Ore 10:10 Erwin Rauhe, Vice President - Federchimica:
"The priorities for the chemical logistics".

1st Session - The railways solutions to sustainable development.

Chairman: Paolo Guglielminetti, PricewaterhouseCoopers Advisory.

Ore 10:30 Francesco Lugli, Cargo Sales Manager - Trenitalia S.p.A. Divisione Cargo:
"Strategies of FS Group for the revitalization of chemical transport".

Ore 10:50 Fabio Ungari, Manager sales and Logistic Chemical - DB Schenker Rail Italia Services S.r.l.:
"How German railways are being organized for the optimization of traffic along the European corridors, also for single wagon transport".

Ore 11:10 Representative of SNCF/Autoroute Ferroviaire Alpine:
"The rail connections between France and Italy: critical issues and opportunities".

Ore 11:30 Paolo Guglielminetti:
"Conclusions".

2nd Session - Make road transport even more safe and sustainable in the European market.

Chairman: Thomas Baumgartner, ANITA:

Ore 11:50 Davide Alonso, Unit Manager and DGSA - Fercam S.p.A.:
"The critical issues of the chemical supply chain for a road carrier".

Ore 12:10 Alessandro Valenti, Director Sales & Operations Shuttle Net - Hupac S.A.:
"Intermodal transport of Dangerous Goods: technical stops issue".

Ore 12:30 Jean-Christophe Hermand, Logistics Department Manager of Refining & Base Europe - Marketing Base Chem Division - TOTAL and Issue Team Transport Risk Assessment of CEFIC:
"How to conduct a Risk Assessment for a sustainable policy of the Chemical companies".

Ore 12:50 Francesco Del Litto, Safety Manager - Versalis S.p.A.; Christian Sbocchi Owner - Studio Sbocchi:
"Safety First System for the safety of operations on tankers".

Ore 13:10 Thomas Baumgartner:
"Conclusions".

Ore 13:30 Light lunch e B2B Meetings.

3rd Session - The public-private partnerships to boost logistics interconnections.

Chairman: Michele La Torre, Director of web magazine "Trasportoeuropa.it".

Ore 14:20 Gilles Badot, European Investment Bank:
"The opportunities for the chemical companies, according to the policy of the European Union for the Logistic Corridors".

Ore 14:40 Representative of Port Authority of Trieste:
"The Port of Trieste, the port for Eastern Europe: strategies and developments".

Ore 15:00 Gianluca Branda, Pomezia Plant Manager - Procter&Gamble S.r.l.:
"Pomezia: the global hub of detergents."

Ore 15:20 Carlo Mearelli, President - Assologistica:
"The rationalization of Ports and Interports in Italy for a sustainable development of intermodality".

Ore 15:40 Michele La Torre:
"Conclusions".

Ore 15:50 Francesco Carciotto:
"Conclusion of the 11th Conference".
